

PENAMBAHBAIKAN HASIL PEMBELAJARAN DALAM STANDARD PROGRAM

STANDARD PROGRAM: KEWANGAN

A. Objektif Pembelajaran Program (Programme Educational Objective, PEO)

TAHAP	MATLAMAT PROGRAM YANG DINYATAKAN DALAM STANDARD PROGRAM SEDIA ADA	PENAMBAHBAIKAN YANG DILULUSKAN
Diploma (Tahap 4, MQF)	<i>The programme aims to provide candidates with broad-based knowledge, practical and theoretical training as well as entrepreneurial skills to perform effectively and ethically within their specific areas of Finance in all industries. Candidates should be able to work independently and collaboratively to understand, collect, process and communicate the outcomes of financial problems.</i>	<i>Within a few years upon successfully completing the program, graduates (are) will be...</i> <i>PEO1: finance assistants who apply fundamental financial and non-financial concepts, theories and knowledge in finding solutions to basic finance problems.</i> <i>PEO2: finance assistants who display good practical and communication skills in their interactions within the workplace.</i> <i>PEO3: finance assistants who effectively display basic digital and numerical skills in carrying out their assigned responsibilities in the workplace.</i> <i>PEO4: finance assistants who demonstrate good personal management and entrepreneurial skills, as well as ethical behaviour in the workplace.</i>

TAHAP	MATLAMAT PROGRAM YANG DINYATAKAN DALAM STANDARD PROGRAM SEDIA ADA	PENAMBAHBAIKAN YANG DILULUSKAN
Ijazah Sarjana Muda (Tahap 6, MQF)	<p><i>The programme aims to provide candidates with in-depth knowledge, critical thinking and analytical skills in financial decision-making, as well as the creation of wealth through the art and science of managing financial resources. The candidates should be able to inculcate the spirit of lifelong learning, professionalism and entrepreneurship from the programme. In addition, the candidates should develop a broad perspective of global economic and financial environment and are expected to work independently in analysing, communicating and recommending solutions to financial problems; thus contributing to industry development.</i></p>	<p><i>Within a few years upon successfully completing the program, graduates (are) will be...</i></p> <p><i>PEO1:</i> <i>finance practitioners who apply complex financial and non-financial concepts, theories and technical knowledge in providing appropriate solutions to complex finance problems.</i></p> <p><i>PEO2:</i> <i>finance practitioners who display sound practical skills and effective communication skills in their interactions with both peers and stakeholders in the workplace.</i></p> <p><i>PEO3:</i> <i>finance practitioners who integrate sound digital and data analysis skills in carrying out their assigned responsibilities effectively in the workplace.</i></p> <p><i>PEO4:</i> <i>finance practitioners who uphold ethical and professional practices by demonstrating positive attitude, as well as entrepreneurial mind-set in their workplace environment.</i></p>
Ijazah Sarjana secara mod Kerja Kursus (Tahap 7, MQF)	<p><i>The programme aims to provide candidates with advanced knowledge and managerial skills in applying financial techniques to solve complex financial problems. This programme would also enable candidates to manage effectively, professionally and ethically in an increasingly challenging global business environment. In addition, candidates should be able to embark on lifelong learning and contribute towards nation building.</i></p>	<p><i>Within a few years upon successfully completing the program, graduates (are) will be...</i></p> <p><i>PEO1:</i> <i>finance experts who critically integrate complex financial and non-financial concepts, theories and advanced technical knowledge in providing feasible solutions to complex finance problems.</i></p>

TAHAP	MATLAMAT PROGRAM YANG DINYATAKAN DALAM STANDARD PROGRAM SEDIA ADA	PENAMBAHBAIKAN YANG DILULUSKAN
		<p><i>PEO2:</i> finance experts who display advanced technical skills and effective interpersonal skills in communicating critical information to peers and stakeholders.</p> <p><i>PEO3:</i> finance experts who demonstrates leadership skills through integration of sophisticated digital and advanced quantitative/data analysis skills in resolving issues, as well as provision of services/solutions to stakeholders.</p> <p><i>PEO4:</i> finance experts who uphold ethical and professional practices by demonstrating positive attitude, as well as entrepreneurial mind-set in resolving issues, as well as provision of services/solutions to stakeholders.</p>
Ijazah Sarjana secara mod Campuran (Tahap 7, MQF)	<p><i>The programme aims to provide candidates with advanced knowledge and managerial skills to deal with complex financial issues. It also aims to enable candidates to conduct research in specialised Finance areas. This programme would also enable candidates to manage effectively, professionally and ethically in an increasingly challenging global business environment. In addition, candidates should be able to embark on lifelong learning and contribute towards nation building.</i></p>	<p><i>Within a few years upon successfully completing the program, graduates (are) will be...</i></p> <p><i>PEO1:</i> finance experts who critically integrate complex financial and non-financial concepts, theories and advanced technical knowledge in providing feasible solutions to complex finance problems.</p> <p><i>PEO2:</i> finance experts who display advanced technical skills and effective interpersonal skills in communicating critical information to peers and stakeholders.</p> <p><i>PEO3:</i> finance experts who demonstrates leadership skills through integration of sophisticated digital and advanced</p>
