

## EXAMPLES OF ASSESSMENT DISTRIBUTION WITH MUST-PASS REQUIREMENT

### Example 1 - No Must-pass

| Assessment Component           | Percentage |                   |                                |
|--------------------------------|------------|-------------------|--------------------------------|
| CA                             | 60         |                   |                                |
| FA                             | 40         |                   |                                |
|                                |            |                   |                                |
| Must-pass Assessment Component |            | Cut-off Point (%) | Cut-off Point (Absolute Value) |
|                                |            |                   |                                |
|                                |            |                   |                                |
| <b>Total</b>                   | <b>100</b> |                   |                                |

### Example 2 - Only CA Must-pass

| Assessment Component           | Percentage |                   |                                |
|--------------------------------|------------|-------------------|--------------------------------|
| FA                             | 40         |                   |                                |
|                                |            |                   |                                |
|                                |            |                   |                                |
| Must-pass Assessment Component |            | Cut-off Point (%) | Cut-off Point (Absolute Value) |
| CA                             | 60         | 50                | 30                             |
|                                |            |                   |                                |
| <b>Total</b>                   | <b>100</b> |                   |                                |

### Example 3 - Only FA Must-pass

| Assessment Component           | Percentage |                   |                                |
|--------------------------------|------------|-------------------|--------------------------------|
| CA                             | 60         |                   |                                |
|                                |            |                   |                                |
|                                |            |                   |                                |
| Must-pass Assessment Component |            | Cut-off Point (%) | Cut-off Point (Absolute Value) |
| FA                             | 40         | 50                | 20                             |
|                                |            |                   |                                |
| <b>Total</b>                   | <b>100</b> |                   |                                |

**Example 4A - Both CA and FA Must-pass (60:40)**

| Assessment Component           | Percentage |                   |                                |
|--------------------------------|------------|-------------------|--------------------------------|
|                                |            |                   |                                |
|                                |            |                   |                                |
|                                |            |                   |                                |
| Must-pass Assessment Component |            | Cut-off Point (%) | Cut-off Point (Absolute Value) |
| CA                             | 60         | 35                | 21                             |
| FA                             | 40         | 35                | 14                             |
| <b>Total</b>                   | <b>100</b> |                   |                                |

**Example 4B - Both CA and FA Must-pass (50:50)**

| Assessment Component           | Percentage |                   |                                |
|--------------------------------|------------|-------------------|--------------------------------|
|                                |            |                   |                                |
|                                |            |                   |                                |
|                                |            |                   |                                |
| Must-pass Assessment Component |            | Cut-off Point (%) | Cut-off Point (Absolute Value) |
| CA                             | 50         | 35                | 17.5                           |
| FA                             | 50         | 35                | 17.5                           |
| <b>Total</b>                   | <b>100</b> |                   |                                |

**Example 4C - Both CA and FA Must-pass (40:60)**

| Assessment Component           | Percentage |                   |                                |
|--------------------------------|------------|-------------------|--------------------------------|
|                                |            |                   |                                |
|                                |            |                   |                                |
|                                |            |                   |                                |
| Must-pass Assessment Component |            | Cut-off Point (%) | Cut-off Point (Absolute Value) |
| CA                             | 40         | 40                | 16                             |
| FA                             | 60         | 40                | 24                             |
| <b>Total</b>                   | <b>100</b> |                   |                                |
